## **CMS Info Systems, India Post to offer 'print-to-mail' service**

**New Delhi, May 2:** IT firm CMS Info Systems on Sunday said it has entered into an exclusive partnership with the Department of Post (DoP) for offering 'print-to-mail' service to corporates.

Under the 'print-to-mail' initiative, CMS Info Systems will provide document printing services, while DoP will handle the compilation and distribution of the material across the country. "We have been providing printing services to various corporates for documents like communication, bills etc. With DoP's extensive reach across the country, the dispatch and delivery will also be taken care of," CMS Info Systems executive vice chairman and CEO Rajiv Kaul told PTI.
