CMS Info Systems was formed with transfer of business from CMS Computers in 2009.

The Blackstone group, one of the largest PE firms, has invested in CMS Info Systems. CMS offers a range of services from managed IT services, system integration, transaction print and card services, IT training to cash management businesses. CMS has the distinction of being a pioneer and market share leader in cash management, transaction printing and financial card management.

The company offers a wide range of services across the value chain, focussing on retail banks, insurance, telecom, retail, PSU and government segments and has over 700 large customers in India. The company has more than 30,000+ employees spread across 300 offices in India.

The company provides a dynamic and professional work environment where each person's perspective is valued.
