Independent Auditors' Report

To the Members of CMS Info Systems Limited

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the standalone financial statements of CMS Info Systems Limited ("the Company"), which comprise the standalone balance sheet as at 31 March 2020, and the standalone statement of profit and loss (including other comprehensive income), standalone statement of changes in equity and standalone statement of cash flows for the year then ended, and notes to the standalone financial statements, including a summary of the significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2020, and profit and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the Standalone financial statements.

Other Information

The Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's annual report, but does not include the financial statements and our auditors' report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Independent Auditors' Report (Continued)

CMS Info Systems Limited

Management's and Board of Directors' Responsibility for the Standalone Financial Statements

The Company's Management and Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the state of affairs, profit/loss and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, the Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures in the standalone financial statements made by the Management and Board of Directors.

Independent Auditors' Report (Continued)

CMS Info Systems Limited

Auditor's Responsibilities for the Audit of the Standalone Financial Statements (Continued)

- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditors' Report) Order, 2016 ("the Order") issued by the Central Government in terms of section 143 (11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. (A) As required by Section 143(3) of the Act, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The standalone balance sheet, the standalone statement of profit and loss (including other comprehensive income), the standalone statement of changes in equity and the standalone statement of cash flows dealt with by this Report are in agreement with the books of account.
 - d) In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under section 133 of the Act.

Independent Auditors' Report (*Continued*)

CMS Info Systems Limited

Report on Other Legal and Regulatory Requirements (*Continued*)

- e) On the basis of the written representations received from the directors as on 31 March 2020 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2020 from being appointed as a director in terms of Section 164(2) of the Act.
 - f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".
- (B) With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- i. The Company has disclosed the impact of pending litigations as at 31 March 2020 on its financial position in its standalone financial statements - Refer Note 30 to the standalone financial statements;
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
 - iv. The disclosures in the standalone financial statements regarding holdings as well as dealings in specified bank notes during the period from 8 November 2016 to 30 December 2016 have not been made in these financial statements since they do not pertain to the financial year ended 31 March 2020.
- (C) With respect to the matter to be included in the Auditors' Report under section 197(16):
- In our opinion and according to the information and explanations given to us, the remuneration paid by the company to its directors during the current year is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director is not in excess of the limit laid down under Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) which are required to be commented upon by us.

Annexure - A to the Independent Auditors' Report – 31 March 2020

(Referred to in our report of even date)

- i)
 - (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
 - (b) The Company has a regular programme of physical verification of its fixed assets by which fixed assets are verified in a phased manner over a period of two years. In accordance with this programme, certain fixed assets were verified during the year and no material discrepancies were noticed on such verification. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets.
 - (c) According to the information and explanations given to us, there are no immovable properties, included in property, plant and equipment of the Company and accordingly, the requirements under clause 3(i) (c) of the Order are not applicable to the Company.
- ii) The inventory, except goods-in-transit has been physically verified by the management during the year. In our opinion, the frequency of such verification is reasonable. The discrepancies noticed on verification between the physical stocks and the book records were not material and have been appropriately dealt with in the books of accounts.
- iii) According to the information and explanations given to us, the Company has granted loans, secured or unsecured, to companies, firms, limited liability partnerships or other parties covered in the register maintained under Section 189 of the Act, in respect of which:
 - (a) The terms and conditions of the grant of such loans are, in our opinion, prima facie, not prejudicial to the Company's interest.
 - (b) The Company has granted loans that are repayable on demand including interest thereon, to a Company covered in the register maintained under Section 189 of the Act. We are informed that the repayments against the said loan has been regular when demanded during the year.
 - (c) There is no amount overdue for more than 90 days at the Balance Sheet date.
- iv) In our opinion and according to the information and explanations given to us, the Company has not granted any loans, or provided any guarantees or security to the parties covered under Section 185 of the Act during the year. The Company has complied with the provisions of Section 186 of the Act, in respect grant of loans, making investments and providing guarantees and securities, as applicable.
- v) In our opinion and according to the information and explanations given to us, the Company has not accepted any deposits from the public in accordance with the provisions of section 73 to 76 or any other relevant provisions of the Act and the rules framed there under. Accordingly, paragraph 3(v) of the Order is not applicable to the Company.
- vi) The Central Government has not prescribed the maintenance of cost records under section 148 of the Act for any of the products / services rendered by the Company.
- vii)
 - (a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, amounts deducted/accrued in the books of account in respect of undisputed statutory dues including provident fund, employees' state insurance, income-tax, goods and services tax, duty of customs, cess and other material statutory dues have been generally regularly deposited during the year by the Company with the appropriate authorities after considering the extension of due date for goods and services tax granted by authorities for payment of such dues for the month of March 2020.

CMS Info Systems Limited

Annexure - A to the Independent Auditors' Report – 31 March 2020 (Continued)

Provident Fund payment related to implementing the judgment of Honourable Supreme Court of India dated 28 February 2019 was delayed. This payment was made by March 2020.

According to the information and explanations given to us, no undisputed amounts payable in respect of Provident Fund, Employees' State Insurance, Income-Tax, Goods and Service Tax, Duty of Customs, Cess and other material statutory dues were in arrears as at 31 March 2020 for a period of more than six months from the date they became payable.

Also refer note 30 (c) to the standalone Ind AS financial statements.

- (b) According to the information and explanations given to us, there are no dues of Income-tax, Sales tax, Service tax, Duty of customs, Duty of excise, Goods and Service tax and Value added tax as at 31 March 2020, which have not been deposited with the appropriate authorities on account of any dispute other than those mentioned in Enclosure I to this report.
- viii) In our opinion and according to the information and explanations given to us, the Company does not have any loans or borrowings from any financial institution, bank or Government, nor it has issued any debentures during the year. Accordingly, paragraph 3(viii) of the Order is not applicable to the Company.
- ix) The Company did not raise any money by way of initial public offer or further public offer (including debt instruments) and term loans during the year. Accordingly, paragraph 3 (ix) of the Order is not applicable.
- x) According to the information and explanations given to us, six instances of cash embezzlements done by employees of the Company wherein the total amount involved was Rs. 74.56 million has been noticed or reported during the year. Further, the Company has filed complaints with the Police and has also filed insurance claims for the recovery of amounts involved. Out of the above, the Company has recovered Rs. 42.20 million and Rs. 6.14 million being doubtful of recovery has been written off during the year.
- xi) According to the information and explanations given to us and based on our examination of the records of the Company, the Company has paid/provided for managerial remuneration in accordance with the requisite approvals mandated by the provisions of Section 197 read with Schedule V to the Act.
- xii) In our opinion and according to the information and explanations given to us, the Company is not a Nidhi company. Accordingly, paragraph 3(xii) of the Order is not applicable to the Company.
- xiii) According to the information and explanations given to us and based on our examination of the records of the Company, transactions with the related parties are in compliance with the provisions of Sections 177 and 188 of the Act, where applicable. The details of such related party transactions have been disclosed in the Standalone Ind AS financial statements as required by the applicable Indian Accounting Standards.
- xiv) According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year. Accordingly, paragraph 3(xiv) of the Order is not applicable to the Company.

CMS Info Systems Limited

Annexure - A to the Independent Auditors' Report – 31 March 2020 *(Continued)*

- xv) According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not entered into any non-cash transactions with directors or persons connected with them. Accordingly, paragraph 3(xv) of the Order is not applicable to the Company.
- xvi) In our opinion and according to the information and explanations given to us, the Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, paragraph 3(xvi) of the Order is not applicable to the Company.

CMS Info Systems Limited

Annexure B to the Independent Auditors' report on the standalone financial statements of CMS Info Systems Limited for the year ended 31 March 2020

Report on the internal financial controls with reference to the aforesaid standalone financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013

(Referred to in paragraph 2(A)(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Opinion

We have audited the internal financial controls with reference to financial statements of CMS Info Systems Limited ("the Company") as of 31 March 2020 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls were operating effectively as at 31 March 2020, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Management's Responsibility for Internal Financial Controls

The Company's management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 (hereinafter referred to as "the Act").

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and whether such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

CMS Info Systems Limited

Annexure B to the Independent Auditors' report on the standalone financial statements of CMS Info Systems Limited for the year ended 31 March 2020 (Continued)

Meaning of Internal Financial controls with Reference to Financial Statements

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial controls with Reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

CMS Info Systems Limited

Notes to the financial statements (Continued)

for the year ended March 31, 2020

(₹ in million)

1. Corporate Information

CMS Info Systems Limited (the 'Company') is a Company domiciled in India and was incorporated under the provisions of the Companies Act, 1956. The Company became a subsidiary of Sion Investment Holdings Pte. Limited with effect from August 27, 2015 pursuant to acquisition of 100% shares from BLACKSTONE FP CAPITAL PARTNERS (MAURITIUS) V LTD, CMS Computers Limited, Mr. Ramesh Grover and others (together known as 'erstwhile shareholders').

The Company is engaged in the business of providing ATM and Cash Management services, supply, installation and maintenance of ATM and cash deposit machines, and also engaged in card trading and personalization services. The registered office of the Company as at March 31, 2020 is Silver Metropolis, 11th Floor, Jay coach compound, off. Western Express Highway, Goregaon (East), Mumbai 400063. With effect from July 27, 2020 the registered office of the company is shifted to T-151, 5th Floor, Tower No.10, Sector 11, Railway station complex, CBD Belapur, Navi Mumbai 400614.

The financial statements were authorised for issue in accordance with a resolution of the directors on August 26, 2020.

2. Summary of significant accounting policies

a) Basis of Preparation

These financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015, as amended under the provisions of the Companies Act, 2013 (the 'Act') and subsequent amendments thereof. The financial statements have been prepared under the historical cost basis except for certain financial assets and liabilities that have been measured at fair value (refer accounting policy regarding financial instruments).

The financial statements are presented in Indian Rupees ('INR' or '₹') in million, which is also the Company's functional currency. The financial statements are prepared on a going concern basis.

b) Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current / non-current classification. An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle or expected to be realised within twelve months after the reporting period
- Held primarily for the purpose of trading
- Cash or cash equivalents unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when it is:

- Expected to be settled in normal operating cycle and is due to be settled within twelve months after the reporting period
- Held primarily for the purpose of trading

CMS Info Systems Limited

Notes to the financial statements (Continued)

for the year ended March 31, 2020

(₹ in million)

2. Summary of significant accounting policies (Continued)

b) Current versus non-current classification (Continued)

- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Company has identified period of twelve months as its operating cycle.

c) Property, Plant and Equipment

Property, plant and equipment is stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. Cost comprises the purchase price and any cost attributable to bringing the asset to its working condition for its intended use. While deriving cost, refundable taxes and discounts are excluded. Borrowing cost relating to acquisition of tangible assets which take substantial period of time to get ready for its intended use are also included to the extent they relate to the period till such assets are ready to be put to use. Capital work in progress is stated at cost.

When significant parts of plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in the Statement of Profit or Loss as incurred.

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the Statement of Profit and Loss when the asset is derecognised.

The Company provides depreciation on property, plant and equipment using the straight line method at the rates computed based on the estimated useful lives of the assets as estimated by the management which are equal to the corresponding rates prescribed in Schedule II to the Act for all property, plant and equipment except for Vehicles (used for ATM and Cash Management business) and plant and machinery.

The Company has estimated the following lives to provide depreciation and amortisation:

| Category | Useful lives (in years) |
|--|----------------------------|
| Plant and machinery | 7* |
| Electric installations | 5* |
| Furniture, fixtures and fittings | 7* |
| Vehicles (used for ATM and Cash Management business) | 6* |
| Other vehicles | 8 |
| Office equipment | 5 |
| Computers, servers and peripherals | 3 to 6 |

CMS Info Systems Limited

Notes to the financial statements (Continued)

for the year ended March 31, 2020

(₹ in million)

2. Summary of significant accounting policies (Continued)

c) Property, Plant and Equipment (Continued)

*The Company, based on technical assessment made by the management, depreciates certain items of plant and equipment and vehicles (used for ATM and Cash Management business) over the estimated useful lives which are different from the useful lives prescribed in Schedule II to the Act. The management believes that these estimated useful lives are realistic and reflect fair approximation of the period over which the assets are likely to be used.

Leasehold improvements are depreciated on a straight line basis over the shorter of the estimated useful life of the asset or the lease term, which does not exceed 7 years.

The residual values, useful lives and method of depreciation and amortisation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

d) Intangible assets and goodwill

Intangible assets acquired separately are measured on initial recognition at cost. The cost of intangible assets recognised in a business combination is their fair value at the date of acquisition. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses, if any.

Intangible assets are amortised over the useful economic life and assessed for impairment whenever there is an indication that the intangible assets may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period and adjusted prospectively, if appropriate.

Intangible assets are amortised on straight line basis over the estimated useful life as follows:

| Particulars | Useful Life |
|---|------------------------------|
| Computer Software | 3-6 years |
| Customer Contracts (fair value of business combination) | 5-6 years |
| Customer Contracts (Purchased) | 2-3 years |
| Non-compete fees | 6 years (Non-compete period) |

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the Statement of Profit and Loss when the asset is derecognised. Goodwill is tested for impairment annually at the cash-generating unit level.

e) Impairment of non- financial assets

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or group of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

CMS Info Systems Limited

Notes to the financial statements (Continued)

for the year ended March 31, 2020

(₹ in million)

2. Summary of significant accounting policies (Continued)

e) Impairment of non- financial assets (Continued)

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account, if available. If no such transactions can be identified, an appropriate valuation model is used.

The Company bases its impairment calculation on detailed budgets and forecast calculations which are prepared separately for each of the Company's CGU to which the individual assets are allocated. These budgets and forecast calculations are generally covering a period of five years. For longer periods, wherever applicable, a long term growth rate is calculated and applied to projected future cash flows after the fifth year. To estimate cash flow projections beyond periods covered by the most recent budgets/forecasts, the Company extrapolates cash flow projections in the budget using a steady or declining growth rate for subsequent years, unless an increasing rate can be justified. In any case, this growth rate does not exceed the long-term average growth rate for the products, industries, or country or countries in which the entity operates, or for the market in which the asset is used.

For assets excluding goodwill, an assessment is made at each reporting date to determine whether there is an indication that previously recognised impairment losses no longer exist or have decreased.

After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

f) Leases

The Company adopted Ind AS 116, leases (which replaces earlier standard Ind AS 17) using modified retrospective approach for transitioning by recognising right of use asset and an equal amount of lease liability on 1 April, 2019. Under this method, the standard is applied retrospectively with the cumulative effect of initially applying the standard recognized at the date of initial application. The Company elected to use the transition practical expedient to not reassess whether a contract is or contains a lease at April 1, 2019.

The Company applies a single recognition and measurement approach for all leases and hence the Company has not considered recognition exemptions for any of its leases. The Company recognizes lease liabilities to make lease payments and right of-use assets representing the right to use the underlying assets.

The effect of adoption Ind AS 116 as at April 1, 2019 is given to notes to accounts, Refer Note 28.

The lease liabilities were discounted using the incremental borrowing rate (same as company average borrowing rate) of the Company as at April 1, 2019. The weighted average discount rate used for recognition of lease liabilities was 8.5%.

CMS Info Systems Limited

Notes to the financial statements (Continued)

for the year ended March 31, 2020

(₹ in million)

2. Summary of significant accounting policies (Continued)

f) Leases (Continued)

Leases previously accounted for as operating leases

The Company recognized right-of-use assets and lease liabilities for all leases previously classified as operating leases. The right-of-use assets for most leases were recognized based on the carrying amount as if the standard had always been applied, apart from the use of incremental borrowing rate at the date of initial application. Lease liabilities were recognized based on the present value of the remaining lease payments, discounted using the incremental borrowing rate at the date of initial application.

The Company also applied the available practical expedients wherein it:

- Used a single discount rate to a portfolio of leases with reasonably similar characteristics
- Relied on its assessment of whether leases are onerous immediately before the date of initial application
- Excluded the initial direct costs from the measurement of the right-of-use asset at the date of initial application
- Used hindsight in determining the lease term where the contract contained options to extend or terminate the lease

i) Right-of-use assets

The Company recognizes right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognized, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets.

ii) Lease Liability

At the commencement date of the lease, the Company recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in-substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Company and payments of penalties for terminating the lease, if the lease term reflects the Company exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognized as expenses (unless they are incurred to produce inventories) in the period in which the event or condition that triggers the payment occurs.

CMS Info Systems Limited

Notes to the financial statements (Continued)

for the year ended March 31, 2020

(₹ in million)

2. Summary of significant accounting policies (Continued)

f) Leases (Continued)

ii) Lease Liability (Continued)

In calculating the present value of lease payments, the Company uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

iii) Short-term leases and leases of low-value assets

The Company does not apply the short-term lease recognition exemption to its short-term leases (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option) and low-value assets recognition exemption.

Company as a lessor

Leases in which the Company does not transfer substantially all the risks and rewards incidental to ownership of an asset are classified as operating leases. Rental income arising is accounted for on a straight-line basis over the lease term and is included in revenue in the statement of profit or loss due to its operating nature.

g) Inventories

Inventories are valued at lower of cost and net realisable value. Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost of trading goods, stores and spares is determined on a weighted average basis. Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

h) Revenue recognition

Revenue is measured at fair value of the consideration received or receivable, after deduction of any trade discounts, volume rebates and any taxes or duties collected on behalf of the government such as goods and services tax, etc. Accumulated experience is used to estimate the provision for such discounts and rebates. Revenue is only recognised to the extent that it is highly probable a significant reversal will not occur.

The Company has concluded that it is the principal in all of its revenue arrangements since it is the primary obligor in all the revenue arrangements as it has pricing latitude and is also exposed to inventory and credit risks.

The specific recognition criteria described below must also be met before revenue is recognised.

CMS Info Systems Limited

Notes to the financial statements (Continued)

for the year ended March 31, 2020

(₹ in million)

2. Summary of significant accounting policies (Continued)

h) Revenue recognition (Continued)

Sale of goods:

Revenue from sale of goods is recognised at point in time when control of the products being sold is transferred to our customer and when there are no longer any unfulfilled obligations. The Performance Obligations in our contracts are fulfilled at the time of dispatch, delivery or upon formal customer acceptance depending on customer terms.

The company provides and commits preventive maintenance services on its certain products at the time of sale for one or two years from the date the sale. These maintenance services are sold together with the sale of product. Contracts for such sales of product and preventive maintenance services comprise two performance obligations because the promises to transfer the product and to provide the preventive maintenance services are capable of being distinct. Accordingly, a portion of the transaction price is allocated to the preventive maintenance services and recognised as a contract liability. Revenue is recognised over the period in which the preventive maintenance services are provided based on the time elapsed.

Sale of services:

Revenue from ATM and cash management services, card personalization services and allied operations is recognised over time when the required services are rendered in accordance with the contracts / agreements entered into with the customer and is disclosed net off deductions for shortages, etc. charged by the customers as per the terms of the agreement.

Revenue from annual maintenance contracts is recognised, over the period of the maintenance contract.

Revenue recognized, in excess of billing is classified as unbilled revenue; while billing in excess of revenue is classified as unearned revenue.

Sale of ATM Sites:

Revenue from sale of ATM sites is recognised based on customer acceptance received on completion of the ATM sites as per the terms of agreement entered with the customers.

i) Interest income:

For all debt instruments measured either at amortised cost, interest income is recorded using the effective interest rate ('EIR'). EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument but does not consider the expected credit losses. Interest income is included in finance income in the Statement of Profit and Loss.

CMS Info Systems Limited

Notes to the financial statements (Continued)

for the year ended March 31, 2020

(₹ in million)

2. Summary of significant accounting policies (Continued)

j) Foreign currencies

Transactions in foreign currencies are initially recorded by the Company at the functional currency spot rates, at the date the transaction first qualifies for recognition.

Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date. Exchange differences arising on settlement or translation of monetary items are recognised as income or expenses in the period in which they arise.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions.

k) Retirement and other employee benefits

Retirement benefit in the form of provident fund is a defined contribution scheme. The Company has no obligation other than the contribution payable to the provident fund. The Company recognises contribution payable to the provident fund scheme as expenses, when an employee renders the related service.

Gratuity liability is a defined benefit obligation and is provided for on the basis of an actuarial valuation done as per projected unit credit method, carried out by an independent actuary at the end of the year. The Company makes contributions to a fund administered and managed by an insurance company to fund the gratuity liability. Under this scheme, the obligation to pay gratuity remains with the Company, although insurance company administers the scheme.

Net interest is calculated by applying the discount rate to the net defined benefit liability or asset. The Company recognises the following changes in the net defined benefit obligation as an expense in the Statement of Profit and Loss - Service costs comprising current service costs, past-service costs, gains and losses on curtailments and non-routine settlements and net interest expense or income.

Remeasurements comprising of actuarial gains and losses, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Remeasurements are not reclassified to the Statement of Profit and Loss in subsequent periods.

Accumulated leave, which is expected to be utilised within the next 12 months, is treated as short term employee benefit. The Company measures the expected cost of such absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date. The Company treats accumulated leave expected to be carried forward beyond twelve months, as long-term employee benefit for measurement purposes. Such long term compensated absences are provided for based on the actuarial valuation using the projected unit credit method at the year end. The Company presents the leave as a short-term provision in the balance sheet to the extent it does not have an unconditional right to defer its settlement for 12 months after the reporting date.

CMS Info Systems Limited

Notes to the financial statements (*Continued*)

for the year ended March 31, 2020

(₹ in million)

2. Summary of significant accounting policies (*Continued*)

k) Retirement and other employee benefits (*Continued*)

Remeasurements, comprising of actuarial gains and losses, are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur.

l) Income taxes

Current income tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities in accordance with the Income-tax Act, 1961. The tax rates and tax laws used to compute the amount are those that are enacted, at the reporting date.

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in OCI or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred tax

Deferred tax is recognised in respect of temporary differences between the carrying amount of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes.

A deferred tax liability is recognised based on the expected manner of realisation or settlement of the carrying amount of assets and liabilities, using tax rates enacted, or substantively enacted, by the end of the reporting period. Deferred tax assets are recognised only to the extent that it is probable that future taxable profits will be available against which the asset can be utilised. Deferred tax assets are reviewed at each reporting date and reduced to the extent that it is no longer probable that the related tax benefit will be realised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and deferred tax liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities; and the deferred tax assets and the deferred tax liabilities relate to income taxes levied by the same taxation authority.

Deferred tax relating to items not recognised in the Statement of Profit and Loss is recognised either in OCI or in equity (where the item on which deferred tax is arising is recognised). Deferred tax on differences arising in business combination is recognised in Goodwill.

CMS Info Systems Limited

Notes to the financial statements (Continued)

for the year ended March 31, 2020

(₹ in million)

2. Summary of significant accounting policies (Continued)

m) Earnings per share

Basic EPS amounts are calculated by dividing the profit for the year attributable to equity holders by the weighted average number of equity shares outstanding during the year.

Diluted EPS amounts are calculated by dividing the profit attributable to equity holders (after adjusting the cost recognised in the current year in relation to employee stock options schemes) by the weighted average number of equity shares outstanding during the year plus the weighted average number of equity shares that would be issued on conversion of all the dilutive potential equity shares into equity shares.

n) Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. The expense relating to a provision is presented in the Statement of Profit and Loss net of any reimbursement, if any.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

o) Contingent liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that arises from past events but is not recognised because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognised because it cannot be measured reliably.

p) Cash and cash equivalents

Cash and cash equivalent in the balance sheet and cash flow statement comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value. For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding book overdrafts and cash credits as they are considered an integral part of the Company's cash management.

q) Share based payment

Employees (including senior management) of the Company receive remuneration in the form of share-based payments, whereby employees render services as consideration for equity instruments (equity-settled transactions).

The cost of equity-settled transactions is determined by the fair value at the date when the grant is made using an appropriate valuation model.

CMS Info Systems Limited

Notes to the financial statements (Continued)

for the year ended March 31, 2020

(₹ in million)

2. Summary of significant accounting policies (Continued)

q) Share based payment (Continued)

That cost is recognised, together with a corresponding increase in share-based payment (SBP) reserves in equity, over the period in which the performance and / or service conditions are fulfilled in employee benefits expense. The cumulative expense recognised for equity-settled transactions at each reporting date until the vesting date reflects the extent to which the vesting period has expired and the Company's best estimate of the number of equity instruments that will ultimately vest. The Statement of Profit and Loss expense or credit for a period represents the movement in cumulative expense recognised as at the beginning and end of that period and is recognised in employee benefits expense.

No expense is recognised for awards that do not ultimately vest because non-market performance and / or service conditions have not been met. When an award is cancelled by the Company or by the counterparty, any remaining element of the fair value of the award is expensed immediately through the Statement of Profit and Loss.

r) Fair value measurement

The Company measures financial instruments, such as, investment in mutual funds unit at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1: Quoted (unadjusted) market prices in active markets for identical assets or liabilities

Level 2: Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable

Level 3: Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

CMS Info Systems Limited

Notes to the financial statements (Continued)

for the year ended March 31, 2020

(₹ in million)

2. Summary of significant accounting policies (Continued)

r) Fair value measurement (Continued)

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

External valuers are involved for valuation of significant assets, such as impairment testing of goodwill, non-current assets and fair value of employee stock options schemes. Involvement of external valuers is decided upon annually by the management. Selection criteria include market knowledge, reputation, independence and whether professional standards are maintained.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

s) Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets

Financial assets are recognised when the Company becomes a party to the contractual provisions of the instrument.

Initial recognition and measurement

On initial recognition, a financial asset is recognised at fair value. In case of Financial assets which are recognised at fair value through profit and loss (FVTPL), its transaction cost is recognised in the statement of profit and loss. In other cases, the transaction cost is attributed to the acquisition value of the financial asset.

Financial assets are subsequently classified and measured at:

- Amortised cost
- Fair value through profit and loss (FVTPL)
- Fair value through other comprehensive income (FVOCI)

Financial assets are not reclassified subsequent to their recognition, except during the period the Company changes its business model for managing financial assets

Debt instruments at amortised cost

A debt instrument' is measured at the amortised cost if both the following conditions are met:

- a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- b) Contractual terms of the asset give rise to specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

CMS Info Systems Limited

Notes to the financial statements (Continued)

for the year ended March 31, 2020

(₹ in million)

2. Summary of significant accounting policies (Continued)

s) Financial instruments (Continued)

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the profit or loss. The losses arising from impairment are recognised in the profit or loss. This category generally applies to trade and other receivables.

Debt instrument at FVTPL

FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL.

In addition, the Company may elect to designate a debt instrument, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch').

Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in the Statement of Profit and Loss.

Equity investments

Investment in subsidiaries

Investment in subsidiaries is carried at cost in the financial statements.

Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e. removed from the balance sheet) when:

- The rights to receive cash flows from the asset have expired, or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either
 - (a) the Company has transferred substantially all the risks and rewards of the asset, or
 - (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset but has transferred control of the asset.

When the Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the Company's continuing involvement. In that case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

CMS Info Systems Limited

Notes to the financial statements (Continued)

for the year ended March 31, 2020

(₹ in million)

2. Summary of significant accounting policies (Continued)

s) Financial instruments (Continued)

Derecognition (Continued)

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Company could be required to repay.

Financial liabilities

Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, as appropriate.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts, financial guarantee contracts.

Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term.

Gains or losses on liabilities held for trading are recognised in the Statement of Profit or Loss.

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated as such at the initial date of recognition, only if the criteria in Ind AS 109 are satisfied. For liabilities designated as FVTPL, fair value gains/ losses attributable to changes in own credit risk are recognized in OCI. These gains/ losses are not subsequently transferred to the Statement of Profit and Loss. However, the Company may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognised in the statement of profit or loss. The Company has not designated any financial liability as at fair value through profit and loss.

Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in the Statement of Profit and Loss when the liabilities are derecognised as well as through the EIR amortisation process.

CMS Info Systems Limited

Notes to the financial statements (Continued)

for the year ended March 31, 2020

(₹ in million)

2. Summary of significant accounting policies (Continued)

s) Financial instruments (Continued)

Loans and borrowings (Continued)

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss.

Financial guarantee contracts

Financial guarantee contracts issued by the Company are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument. Financial guarantee contracts are recognised initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognised less cumulative amortisation.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of Profit and Loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

Impairment of financial assets

In accordance with Ind AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the financial assets which are not fair valued through profit or loss and equity instruments recognised in OCI. Loss allowance for trade receivables and insurance claims is measured at an amount equal to lifetime ECL at each reporting date, right from its initial recognition. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognising impairment loss allowance based on 12-month ECL.

CMS Info Systems Limited

Notes to the financial statements (Continued)

for the year ended March 31, 2020

(₹ in million)

2. Summary of significant accounting policies (Continued)

s) Financial instruments (Continued)

Impairment of financial assets (Continued)

ECL impairment loss allowance (or reversal) recognized during the period is recognized as income / expense in the Statement of Profit and Loss. This amount is reflected under the head 'other expenses' in the Statement of Profit and Loss.

As a practical expedient, the Company uses a provision matrix to determine impairment loss allowance on portfolio of its trade receivables. The provision matrix is based on its historically observed default rates over the expected life of the trade receivables and is adjusted for forward-looking estimates. At every reporting date, the historical observed default rates are updated and changes in the forward looking estimates are analysed.

t) Business combinations and goodwill

Business combinations are accounted for using the acquisition method. The cost of an acquisition is measured as the aggregate of the consideration transferred measured at acquisition date fair value and the amount of any non-controlling interests in the acquiree. For each business combination, the Company elects whether to measure the non-controlling interests in the acquiree at fair value or at the proportionate share of the acquiree's identifiable net assets. Acquisition-related costs are expensed as incurred.

At the acquisition date, the identifiable assets acquired and the liabilities assumed are recognised at their acquisition date fair values. For this purpose, the liabilities assumed include contingent liabilities representing present obligation and they are measured at their acquisition fair values irrespective of the fact that outflow of resources embodying economic benefits is not probable.

When the Company acquires a business, it assesses the financial assets and liabilities assumed for appropriate classification and designation in accordance with the contractual terms, economic circumstances and pertinent conditions as at the acquisition date. This includes the separation of embedded derivatives in host contracts by the acquiree.

Goodwill is initially measured at cost, being the excess of the aggregate of the consideration transferred, over the net identifiable assets acquired and liabilities assumed. If the fair value of the net assets acquired is in excess of the aggregate consideration transferred, the Company re-assesses whether it has correctly identified all of the assets acquired and all of the liabilities assumed and reviews the procedures used to measure the amounts to be recognised at the acquisition date. If the reassessment still results in an excess of the fair value of net assets acquired over the aggregate consideration transferred, then the gain is recognised in OCI and accumulated in equity as capital reserve. However, if there is no clear evidence of bargain purchase, the entity recognises the gain directly in equity as capital reserve, without routing the same through OCI.

After initial recognition, goodwill is measured at cost less any accumulated impairment losses, if any. For the purpose of impairment testing, goodwill acquired in a business combination is from the acquisition date, allocated to each of the Company's cash-generating units that are expected to benefit from the combination, irrespective of whether other assets or liabilities of the acquiree are assigned to those units.

CMS Info Systems Limited

Notes to the financial statements (Continued)

for the year ended March 31, 2020

(₹ in million)

2. Summary of significant accounting policies (Continued)

t) Business combinations and goodwill (Continued)

A cash generating unit to which goodwill has been allocated is tested for impairment annually, or more frequently when there is an indication that the unit may be impaired. If the recoverable amount of the cash generating unit is less than its carrying amount, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit pro rata based on the carrying amount of each asset in the unit. Any impairment loss for goodwill is recognised in profit or loss. An impairment loss recognised for goodwill is not reversed in subsequent periods.

Where goodwill has been allocated to a cash-generating unit and part of the operation within that unit is disposed of, the goodwill associated with the disposed operation is included in the carrying amount of the operation when determining the gain or loss on disposal. Goodwill disposed in these circumstances is measured based on the relative values of the disposed operation and the portion of the cash-generating unit retained. Goodwill is tested for impairment annually as at March 31 and when circumstances indicate that the carrying value may be impaired.

Goodwill represents the excess of purchase consideration paid over the value of net assets of CMS Computers Limited taken over by the Company in accordance with the Scheme of Arrangement with the CMS Computers Limited and towards the business acquisition from Checkmate Services Private Limited. The Scheme was effective from April 01, 2008 and business from Checkmate was acquired with effect from April 30, 2018 respectively.

u) Rounding of amount:

Amount disclosed in the financial statements and notes have been rounded off to the nearest million as per the requirement of schedule III, unless otherwise stated

v) Cash dividend distribution to equity holders of the parent

The Company recognises a liability to make cash distributions to equity holders of the parent when the distribution is authorised and the distribution is no longer at the discretion of the Company. As per the corporate laws in India, a distribution is authorised when it is approved by the shareholders. A corresponding amount is recognized directly in equity.

3. Significant accounting judgments, estimates and assumptions:

The preparation of the Company's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

A handwritten signature or mark in blue ink, consisting of a stylized 'C' and 'S'.

CMS Info Systems Limited

Notes to the financial statements (Continued)

for the year ended March 31, 2020

(₹ in million)

3. Significant accounting judgments, estimates and assumptions (Continued)

Significant judgement:

Leases

The application of Ind AS 116 requires company to make judgements and estimates that affect the measurement of right-of-use assets and liabilities. The Company determines the lease term as the non-cancellable period of a lease, together with both periods covered by an option to terminate the lease if the Company is reasonably certain not to exercise that option. In assessing whether the Company is reasonably certain to exercise an option to extend a lease, or not to exercise an option to terminate a lease, it considers all relevant facts and circumstances that create an economic incentive for the Company to exercise the option to extend the lease, or not to exercise the option to terminate the lease.

The company cannot readily determine the interest rate implicit in the lease, therefore, it uses its incremental borrowing rate (IBR) to measure lease liabilities. The Company has adopted average borrowing rate as its incremental borrowing rate (IBR).

Estimates

Defined benefit plans

The cost of the defined benefit plan and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. All assumptions are reviewed at each reporting date.

The parameter most subject to change is the discount rate. In determining the appropriate discount rate for plans operated in India, the management considers the interest rates of government bonds in currencies consistent with the currencies of the post-employment benefit obligation. Future salary increases are based on expected future inflation rates. The mortality rate is based on publicly available mortality tables for the country. Those mortality tables tend to change only at interval in response to demographic changes. Refer note 27 for sensitivity analysis in relation to this estimate.

Property, Plant and Equipment

Property, plant and equipment represent a significant proportion of the asset base of the Company. The charge in respect of periodic depreciation is derived after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life. The useful lives and residual values of Company assets are determined by management at the time the asset is acquired and reviewed periodically, including at each financial year end. The lives are based on historical experience with similar assets.

Impairment of Goodwill and investment in subsidiaries

Goodwill is tested for impairment at-least on an annual basis and when events that occur / changes in circumstances - indicate that the recoverable amount of the CGU is less than its carrying value.

Investment in subsidiaries is tested for impairment when events occurs that indicates that the recoverable amount is less than its carrying value.

CMS Info Systems Limited

Notes to the financial statements (Continued)

for the year ended March 31, 2020

(₹ in million)

3. Significant accounting judgments, estimates and assumptions (Continued)

Impairment of Goodwill and investment in subsidiaries (Continued)

The impairment indicators, the estimation of expected future cash flows and the determination of the fair value require the Management to make significant judgements, estimates and assumptions concerning the identification and validation of impairment indicators, fair value of assets, Revenue growth rates and operating margins used to calculate projected future cash flows, relevant risk-adjusted discount rate, future economic and market conditions, etc. For the details as to carrying amount of Goodwill and impairment testing (including related sensitivity analysis), refer note 32.

Share-based payments

The Company initially measures the cost of equity-settled transactions with employees using black scholes model to determine the fair value of the liability incurred. Estimating fair value for share-based payment transactions requires determination of the most appropriate valuation model, which is dependent on the terms and conditions of the grant. This estimate also requires determination of the most appropriate inputs to the valuation model including the expected life of the share option, volatility and dividend yield and making assumptions about them. The assumptions and models used for estimating fair value for share-based payment transactions are disclosed in note 39.

Claims receivable

It represents the claims made the Company from Insurance companies and others on account of cash loss due to theft or loot etc. at the time of replenishment of cash in ATM's and cash deposits and pick-ups.

The Company has recognised the claims in books, when the amount thereof can be measured reliably and ultimate collection is reasonably certain. The claims receivable balances are reviewed annually by the management and necessary doubtful provision percentage is calculated on the basis of Company's historical experiences and recoverability of amount from Insurance companies and others.

Provision for doubtful trade receivables

The Company has large number of individual customers. Management assesses the level of allowance for doubtful debts after taking into account ageing analysis and any other factor specific to individual counterparty and a collective estimate based on historical experience adjusted for certain current factors.

Other Provisions

The recognition and measurement of other provisions are based on the assessment of the probability of an outflow of resources, and on past experience and circumstances known at the balance sheet date. The actual outflow of resources at a future date may therefore, vary from the amount included in other provisions.

| 148,000,000 (March 31, 2019- 148,000,000) equity shares of ₹ 10 each | 1,480.00 | 1,480.00 |

(i) Terms and rights attached to equity shares

The Company has only one class of equity shares having par value of ₹ 10 per share. Each holder of equity shares is entitled to one vote per share. The Company declares and pays dividend in Indian Rupees. The dividend proposed by the Board of Directors is subject to the approval of the shareholders in the ensuing Annual General Meeting, except in case of interim dividend which is approved by the Board of Directors.

In the event of liquidation of the Company, the holders of the equity shares will be entitled to receive the remaining assets of the Company, after distribution of all preferential amounts. The distribution will be in proportion to the number of equity shares held by the shareholders.

(ii) Details of shares held by the holding Company and other shareholders in the Company including details of shareholders holding more than 5% shares in the Company

| Name of the Shareholder | As at March 31, 2020 | | As at March 31, 2019 | |
|---|----------------------|----------------|----------------------|----------------|
| | No of Shares | % Shareholding | No of Shares | % Shareholding |
| Equity shares of ₹ 10 each fully paid up | | | | |
| Sion Investment Holdings Pte. Limited | 148,000,000 | 100.00% | 148,000,000 | 100.00% |
| Total | <u>148,000,000</u> | <u>100.00%</u> | <u>148,000,000</u> | <u>100.00%</u> |

Notes:

i) As per records of the Company, including its register of share holders / members and other declarations received from shareholders regarding beneficial interest, the above share holding represents both legal and beneficial ownership of shares.

(ii) Shares reserved for issue under options

For details of options allotted under employee stock option schemes, refer note 39.

(iii) During the year 2019-20, the Board has paid ₹ 266.40 million interim dividends. The first dividend was declared on May 8, 2019 at the rate of ₹ 0.92 per equity share (9.2% of the face value of ₹ 10 each) and the second dividend was declared on November 20, 2019 at the rate of ₹ 0.88 per equity share (8.8% of the face value of ₹ 10 each). The dividend distribution tax on the said dividends is ₹ 54.76 million.

| (iv) Retained earnings | | |
| Opening balance | 5,324.97 | 4,699.06 |
| Add: Net profit after tax transferred from Statement of Profit and Loss | 1,276.63 | 911.98 |
| Less: Dividend Paid (including dividend distribution tax) | 321.16 | 285.47 |
| Other comprehensive income | (1.17) | (0.60) |
| Closing balance | 6,279.27 | 5,324.97 |
| Total | 6,858.95 | 5,894.17 |

B) Nature and purpose of reserves

- (i) **Securities Premium** : The amount received in excess of face value of the equity shares is recognised in Securities Premium. In case of equity-settled share based payment transactions, the difference between fair value on grant date and nominal value of share is accounted as securities premium, on exercise of the option.
- (ii) **Share based payment reserves** : The fair value of the equity-settled share based payment transactions is recognised in Statement of Profit and Loss with corresponding credit to Share based payment reserves.
- (iii) **Capital Redemption Reserve**: The Company has recognised Capital Redemption Reserve on buyback of equity shares from its retained earnings. The amount in Capital Redemption Reserve is equal to nominal amount of the equity shares bought back.
- (iv) **Retained Earnings**: Retained earnings are the profits that the Company has earned till date, less any transfers to general reserve, dividends or other distributions paid to shareholders.

26. Earnings Per Share (EPS)

The following reflects the profit and equity shares data used in the basic and diluted EPS computations:

| Particulars | March 31, 2020 | March 31, 2019 |
|---|----------------|----------------|
| Profit for the year attributable to equity shareholders | 1,276.63 | 911.98 |
| Weighted average number of equity shares for Basic EPS | 148,000,000 | 148,000,000 |
| Weighted average number of equity shares on account of Employees' stock option scheme for dilutive impact | 39,07,106 | 39,49,371 |
| Weighted average number of equity shares for calculating diluted EPS | 151,907,106 | 151,949,371 |
| Earnings Per Share | | |
| Basic (in ₹) | 8.63 | 6.16 |
| Diluted (in ₹) | 8.40 | 6.00 |

27. Employee benefits

Defined contribution plan

During the year ended March 31, 2020 and March 31, 2019 the Company contributed the following amounts to defined contribution plans:

| Particulars | March 31, 2020 | March 31, 2019 |
|--|----------------|----------------|
| Provident Fund and Employees family pension scheme | 42.80 | 23.61 |
| Employees' State Insurance Corporation | 3.82 | 3.81 |
| Total | 46.62 | 27.42 |

Defined benefit plan

As per the payment of Gratuity Act, 1972, the Company has a defined benefit gratuity plan. Every employee who has completed five years or more of service gets a gratuity on departure at 15 days' salary (last drawn salary) for each completed year of service. The Company has purchased insurance policy, to provide for payment of gratuity to the employees. Every year, the insurance company carries out a funding valuation based on the latest employee data provided by the Company. Any deficit in the assets arising as a result of such valuations is funded by the Company. The Company has purchased insurance policy, which is basically a year-on-year cash accumulation plan in which the interest rate is declared on yearly basis and is guaranteed for a period of one year. The insurance Company, as part of the policy rules, makes payment of all gratuity outgoes happening during the year (subject to sufficiency of funds under the policy). The policy, thus, mitigates the liquidity risk. However, being a cash accumulation plan, the duration of assets is shorter compared to the duration of liabilities. Thus, the Company is exposed to movement in interest rate in particular, the significant fall in interest rates, which should result in an increase in liability without corresponding increase in the asset.

Changes in present value of obligation

| Particulars | March 31, 2020 | March 31, 2019 |
|--|----------------|----------------|
| Present value of obligation at the beginning of the year | 29.37 | 24.83 |
| Current service cost | 4.35 | 3.75 |
| Interest expense | 2.22 | 1.90 |
| Re-measurement (gain) / loss arising from | | |
| -change in demographic assumptions | (0.01) | - |
| -change in financial assumptions | 1.13 | 0.32 |
| -experience variance (i.e. actual experience vs assumptions) | 0.68 | 0.63 |
| Past service cost | - | - |
| Benefits paid | (6.35) | (2.06) |
| | 31.39 | 29.37 |

Changes in the fair value of plan asset are as follows:

| Particulars | March 31, 2020 | March 31, 2019 |
|--|----------------|----------------|
| Fair value of plan assets at the beginning | 21.13 | 14.86 |
| Investment income | 1.60 | 1.14 |
| Employer's Contribution | - | 5.20 |
| Return on plan assets excluding amount recognized in net interest expenses | 0.23 | (0.07) |
| Fair value of plan assets as at the end | 22.96 | 21.13 |

The major categories of plan assets as a percentage of the fair value of total plan assets are as follows:

| Particulars | March 31, 2020 | March 31, 2019 |
|---------------------------------------|----------------|----------------|
| Investment with insurer through trust | 100% | 100% |

The Company expects to contribute ₹ Nil (March 31, 2019 - ₹ Nil) to gratuity fund during the annual period beginning after balance sheet date.

The following is the maturity profile of the Company's defined benefit obligation

| Particulars | March 31, 2020 | March 31, 2019 |
|--|----------------|----------------|
| Weighted average duration (based on discounted cash flows) | 8 years | 8 years |

| Expected cash flows over the next (valued on undiscounted basis) | ₹ in Million's |
|--|----------------|
| 1 year | 3.06 |
| 2 to 5 years | 11.93 |
| 6 to 10 years | 13.50 |
| More than 10 years | 33.17 |

Notes to financial statements (Continued)

as at and for the year ended March 31, 2020

(₹ in million)

27. Employee benefits (Continued)

Changes in the fair value of plan asset are as follows: (Continued)

The principal assumptions used in determining gratuity benefit obligations for the Company's plan are shown below:

| Particulars | March 31, 2020 | March 31, 2019 |
|-------------------------|--|--|
| Discount rate | 6.60% | 7.55% |
| Salary Growth rate | 0% (FY 20-21) & 5.00% thereafter | 5.00% |
| Employee attrition rate | Upto 5 years of service – 25% above 5 years of service – 5% | Upto 5 years of service – 25% above 5 years of service – 5% |

The estimates of future salary increases, considered in actuarial valuation, takes in account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

The overall expected rate of return on assets is determined based on the market prices prevailing on that date, applicable to the period over which the obligation is to be settled.

A quantitative sensitivity analysis for the significant assumptions on defined benefit obligation as at March 31, 2020 is as shown below:

| Particulars | March 31, 2020 | | March 31, 2019 | |
|--|------------------------|------------------------|------------------------|------------------------|
| | Decrease in assumption | Increase in assumption | Decrease in assumption | Increase in assumption |
| Discount Rate (-/+1%) | 2.82 | (2.44) | 2.41 | (2.10) |
| (% change compared to base due to sensitivity) | 9.00% | -7.80% | 8.20% | -7.20% |
| Salary Growth Rate (-/+1%) | (2.22) | 2.44 | (1.91) | 2.08 |
| (% change compared to base due to sensitivity) | -7.10% | 7.80% | -6.50% | 7.10% |
| Attrition Rate (-/+ 50% of attrition rates) | 0.26 | (0.29) | (0.40) | 0.18 |
| (% change compared to base due to sensitivity) | 0.80% | -0.90% | -1.40% | 0.60% |
| Mortality Rate (-/+10% of Mortality rates) | (0.01) | 0.01 | (0.02) | 0.02 |
| (% change compared to base due to sensitivity) | 0.00% | 0.00% | -0.10% | 0.10% |

The sensitivity analysis above have been determined based on a method that extrapolates the impact on defined benefit obligation as a result of reasonable changes in key assumptions occurring at the end of reporting period.

Other long term employee benefits

In accordance with its leave policy, the Company has provided for leave encashment on the basis of an actuarial valuation carried out by an independent actuary at the end of the year.

28. Operating lease

Company as lessee:

Effective April 1, 2019, the Company adopted Ind AS 116 "Leases" and applied the standard to all lease contracts existing on April 1, 2019 using the modified retrospective method. Under this method, the standard is applied retrospectively with the cumulative effect of initially applying the standard recognized at the date of initial application. The Company elected to use the transition practical expedient to not reassess whether a contract is, or contains a lease at April 1, 2019. Consequently, the Company recorded the lease liability at the present value of the lease payments discounted at the incremental borrowing rate and the right of use assets representing the right to use the underlying assets.

The following is the break-up of current and non-current lease liabilities as at March 31, 2020:

| Particulars | March 31, 2020 |
|-------------------------------|----------------|
| Current lease liabilities | 231.50 |
| Non-current lease liabilities | 585.99 |
| Total | 817.49 |

The following is the movement in lease liabilities during the year ended 31 March 2020:

| Particulars | March 31, 2020 |
|---------------------------------------|----------------|
| Balance as of April 1, 2019 | 704.06 |
| Additions | 285.33 |
| Finance costs accrued during the year | 62.42 |
| Payment of lease liabilities | (234.32) |
| Balance as of March 31, 2020 | 817.49 |

The table below provides details regarding the contractual maturities of lease liabilities as at March 31, 2020 on an undiscounted basis:

| Particulars | March 31, 2020 |
|----------------------|-----------------|
| Less than one year | 231.50 |
| One to five years | 693.97 |
| More than five years | 172.75 |
| Total | 1,098.22 |

The following is the movement in Right-of-use assets during the year ended March 31, 2020:

| Particulars | March 31, 2020 |
|--------------------------------------|----------------|
| Balance as of April 1, 2019 | 704.06 |
| Additions | 285.33 |
| Depreciation for the year | (194.67) |
| De-recognition of right-of-use asset | - |
| Balance as of March 31, 2020 | 794.72 |

CMS Info Systems Limited

Notes to financial statements (Continued)

as at and for the year ended March 31, 2020

(₹ in million)

28. Operating lease (Continued)

The table below provides details of Impact of adoption of Ind AS 116 in statement of Profit and Loss:

| Particulars | March 31, 2020 |
|--------------------------------------|----------------|
| Decrease in Rent expenses | (234.32) |
| Increase in Depreciation | 194.67 |
| Increase in Finance Cost | 62.42 |
| Decrease of Profit before tax | 22.77 |

The Company does not face a significant liquidity risk with regard to its lease liabilities as the current assets are sufficient to meet the obligations related to lease liabilities as and when they fall due.

The difference between lease liabilities as at April 1, 2019 and operating lease commitments as of March 31, 2019 is due to discounting of long term lease liabilities and lease payments relating to renewal periods & certain ATM premises not included in operating lease commitments as on March 31, 2019.

The weighted average incremental borrowing rate applied to lease liabilities as at April 1, 2019 is 8.5%.

The outflow on account of lease liabilities for the year ended March 31, 2020 is ₹ 234.32 million.

Company as lessor: Operating lease receivables

The Company has entered into lease arrangement for its ATM management service business. The lease at inception is classified as operating lease. These leases have terms ranging between five and seven years. Future minimum rentals receivable under non-cancellable operating leases are, as follows:

| Particulars | March 31, 2020 | March 31, 2019 |
|---|----------------|----------------|
| Within one year | 123.80 | 125.23 |
| After one year but not more than five years | 72.28 | 200.24 |
| More than five years | - | 1.20 |
| Total | 196.08 | 326.67 |

During the current year, the Company has recognised ₹ 123.80 million (March 31, 2019 - ₹ 172.17 million) as income in relation to the above arrangements. These are reported under sale of services (refer note 18). The above lease rentals are fixed monthly fees.

The following are the details of the fixed assets given on operating lease:

| Particulars | March 31, 2020 | March 31, 2019 |
|--------------------------------|----------------|----------------|
| Gross block value | 125.06 | 99.50 |
| Less: Accumulated Depreciation | (53.46) | (30.40) |
| Net block value | 71.60 | 69.10 |
| Depreciation for the year | 19.93 | 15.36 |

30. Contingent liabilities and Capital commitments

(a) Contingent Liabilities:

| Particulars | March 31, 2020 | March 31, 2019 |
|---|----------------|-----------------|
| Claims against the Company not acknowledged as debt | | |
| a) Disputed Customs matter* | 42.78 | 42.78 |
| b) Disputed VAT matters* | 245.89 | 68.21 |
| c) Disputed Excise matters* | 69.03 | 69.03 |
| d) Disputed CST matters* | 6.30 | - |
| Guarantees given by the Company on behalf of the subsidiary** | 800.00 | 1,000.00 |
| Total | 1164.00 | 1,180.02 |

Notes:

*In relation to the matters of Custom duty, VAT, CST and excise matters listed above, the Company is contesting the demands from the respective Government Departments. The management believes that its position will likely be upheld in the appellate process. No expense has been accrued in the financial statements for these demand raised. The management believes that the ultimate outcome of this proceeding will not have a material adverse effect on the Company's financial position and results of operations.

** The Company has given Corporate guarantees in favour of lenders of Securitrans India Private Limited, a subsidiary of the Company amounting to ₹ 600 million (March 31, 2019: ₹ 800 million) in favour of the lenders and ₹ 200 million (March 31, 2019: ₹ 200 million) in favour of one of the customers of subsidiary for overnight vaulting facilities.

- (b) The estimated amount of contracts remaining to be executed on capital account and not provided for as at March 31, 2020 is ₹ 66.28 million (March 31, 2019: ₹ 2.54 million).
- (c) There has been a Supreme Court (SC) judgement dated 28th February 2019, relating to components of salary structure that need to be taken into account while computing the contribution to provident fund under the EPF Act. The company believes, based on legal opinion, that the liability if any would be prospective from the date of order. Based on such opinion and pending clarification from PF authorities, the company has recorded the cost prospectively from March 2019.
- (d) In addition, there are certain civil claims against the Company, the impact of which is not quantifiable. The management is confident, that these matters will not have any material impact in the financial statement.

31. Details of dues to Micro and Small Enterprises as per Micro, Small and Medium Enterprises Development Act, 2006

The Company has ₹ 76.45 million (March 31, 2019: ₹ 4.52 million) dues outstanding to the micro and small enterprises as defined in Micro, Small and Medium Enterprise Development Act, 2006. The information regarding Micro and Small Enterprises has been determined to the extent such parties have been identified on the basis of information available with the Company. This has been relied upon by the auditors.

| d. Interest accrued and remaining unpaid | - | - |
| e. Interest remaining due and payable even in the succeeding years, until such date when the interest dues as above are actually paid to the small enterprises | - | - |

32. Impairment testing of Goodwill

Goodwill acquired through business combinations has indefinite life. Out of the total Goodwill of the Company, ₹ 1,221.13 million (March 31, 2019: ₹ 1,221.13 million), relates to the Cash Management division of the Company.

The Company performed its annual impairment test for the year ended March 31, 2020, and March 31, 2019. The Company considers the relationship between its value in use and its carrying value, among other factors, when reviewing for indicators of impairment.

The recoverable amount of the goodwill is determined based on a value in use ('VIU') calculated using cash flow projections from financial budgets approved by management covering a period of five year period and the terminal value (after considering the relevant long-term growth rate) at the end of the said forecast periods. The Company has extrapolated cash flows beyond 5 years using a growth rate of 4% p.a. for the year ended on March 31, 2020 (March 31, 2019: 4.5%). The pre-tax discount rate applied to the cash flow projections for impairment testing is 13.4% for March 31, 2020 (March 31, 2019: 13.7%).

The said cash flow projections are based on the senior management past experience as well as expected trends for the future periods. The calculation of weighted average cost of capital (WACC) is based on the Company's estimated capital structure as relevant and attributable to the CGU. The WACC is also adjusted for specific risks, market risks and premium, and other inherent risks associated with similar type of investments to arrive at an approximation of the WACC of a comparable market participant. The said WACC being pre-tax discount rates reflecting specific risks relating to the relevant CGUs, are then applied to the above mentioned projections of the estimated future cash flows to arrive at the discounted cash flows.

The key assumptions used in the determination of VIU are the revenue annual growth rates and the EBITDA growth rate.

Based on the above assumptions and analysis, no impairment was identified as at March 31, 2020. Further, on the analysis of the said calculation's sensitivity to a reasonably possible change in any of the above mentioned key assumptions / parameters on which the Management has based determination of the CGU's recoverable amount, there are no scenarios identified by the Management wherein the carrying value could exceed its recoverable amount.

Notes to financial statements (Continued)

as at and for the year ended March 31, 2020

(₹ in million)

33. Business combinations

On May 01, 2018 the Company had acquired the Door Step Banking (DSB) business from Checkmate Services Private Limited, a Company based in Mumbai for ₹ 361.00 million. The fair values of the identifiable assets on the date of acquisition were as follows:

| Assets acquired | ₹ in million |
|---|---------------|
| Assets | |
| Vehicles | 15.35 |
| Other assets (Plant and machinery, furniture and fixtures and computers etc.) | 12.43 |
| Business contracts (intangible assets) | 129.27 |
| Non-compete fees (intangible assets) | 18.00 |
| Total assets acquired | 175.05 |
| Total purchase consideration | 361.00 |
| Goodwill on acquisition | 185.95 |

If the acquisition had occurred on April 01, 2018 revenue and profit before tax for the year ended March 31, 2019 would have been ₹ 9,048.00 million and ₹ 1,405.00 million respectively.

34. Expenditure on corporate social responsibility

As per section 135 of the Act, a CSR committee has been formed by the Company. The funds are utilised throughout the year on activities which are specified in Schedule VII of the Act. Gross amount required to be spent by the company during the year is ₹ 24.90 million (March 31, 2019 ₹ 19.17 million).

| Particulars | March 31, 2020 | | | March 31, 2019 | | | |
|---|----------------------------------|---------|------------------------|----------------|---------|------------------------|-------|
| | Amounts spent during the year :- | In cash | Yet to be paid in cash | Total | In cash | Yet to be paid in cash | Total |
| (i) Construction / acquisition of any asset | - | - | - | - | - | - | - |
| (ii) On purpose other than (i) above | 24.90 | - | 24.90 | 19.17 | - | 19.17 | 19.17 |

35. Fair value hierarchy

The following table provides the fair value measurement hierarchy of the Company's financial assets and financial liabilities.

Quantitative disclosures fair value measurement hierarchy as at March 31, 2020:

| | Cost | Fair value | Level 1 | Level 2 | Level 3 |
|--------------------------------------|--------|------------|---------|---------|---------|
| Assets measured at fair value | | | | | |
| FVTPL financial investments | | | | | |
| Investment in mutual fund units | 550.00 | 553.37 | 553.37 | - | - |

Quantitative disclosures fair value measurement hierarchy as at March 31, 2019:

| | Cost | Fair value | Level 1 | Level 2 | Level 3 |
|--------------------------------------|--------|------------|---------|---------|---------|
| Assets measured at fair value | | | | | |
| FVTPL financial investments | | | | | |
| Investment in mutual fund units | 102.91 | 103.74 | 103.74 | - | - |

CMS Info Systems Limited

Notes to financial statements (Continued)

as at and for the year ended March 31, 2020

(₹ in million)

35. Fair value hierarchy (Continued)

The fair value for the investments is arrived at with reference to the Net asset value (NAV) of the mutual fund units as disclosed by the Asset management Company.

The management assessed that cash and cash equivalents, trade receivables, trade payables, and other current financial assets and financial liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments. Further the difference between carrying amount and fair value of loans to subsidiary, deposit measured at amortised cost is not significantly different in each of the year presented.

Break up of financial assets carried at amortised cost

| Particulars | March 31, 2020 | March 31, 2019 |
|---|-----------------|-----------------|
| Trade receivables | 2,236.54 | 1,339.09 |
| Cash and cash equivalents | 1,525.70 | 1,104.51 |
| Other bank balances | 279.83 | 133.34 |
| Other financial assets | 1,677.81 | 1,630.73 |
| Total financial assets carried at amortized cost | 5,719.88 | 4,207.67 |

Break up of financial liabilities carried at amortised cost

| Particulars | March 31, 2020 | March 31, 2019 |
|--|-----------------|-----------------|
| Trade payables | 1,904.06 | 783.14 |
| Other financial liabilities | 2,027.17 | 1,045.93 |
| Total financial liabilities carried at amortised cost | 3,931.23 | 1,829.07 |

The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

36. Financial risk management objectives and policies

The Company through its operations is exposed to credit risk and liquidity risk. The Company's senior management oversees the management of these risks. The Company's senior management ensures that the Company's financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives. The senior management reviews and agrees policies for managing each of these risks, which are summarised below.

Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables).

Trade receivables

Customer credit risk is managed by the Company's established policy. To minimise the risk from the counter parties the company enters into financials transaction with counter parties who are major names in the industry.

CMS Info Systems Limited

Notes to financial statements (Continued)

as at and for the year ended March 31, 2020

(₹ in million)

36. Financial risk management objectives and policies (Continued)

A significant risk in respect of receivables is related to the default risk and credit risk. An impairment analysis is performed at each reporting date on an individual basis for major clients. In addition, a large number of minor receivables are grouped into homogenous groups and assessed for impairment collectively. The calculation is based on historical data. The maximum exposure to credit risk at the reporting date is the carrying value of receivables disclosed in Note 11. The Company does not hold collateral as security.

Credit risk is the risk of financial loss to the Company if a customer or counter-party fails to meet its contractual obligations. Trade receivables concentration of credit risk with respect to trade receivables are limited, due to the Company's customer base being large and diverse.

Trade receivables (Continued)

The following table provides information about the exposure to credit risk from customers:

| Gross Carrying Amount | March 31, 2020 | March 31, 2019 |
|--------------------------|-----------------|-----------------|
| Current (not past dues) | 995.84 | 465.00 |
| 1 to 30 days past dues | 488.23 | 348.66 |
| 31 to 60 days past dues | 321.78 | 171.74 |
| 61 to 180 days past dues | 525.99 | 337.47 |
| Above 180 days past dues | 239.36 | 294.63 |
| Grand Total | 2,571.20 | 1,617.50 |

The above exposure includes two customers whose individual credit exposure exceeds 10% of total trade receivables.

Movement in allowance of impairment in respect of trade receivables:

| Particulars | March 31, 2020 | March 31, 2019 |
|---------------------------------------|----------------|----------------|
| Balance as at April 01 | 278.41 | 204.85 |
| Amounts written off (Net) | (57.35) | (109.67) |
| Net re-measurement of loss allowances | 113.60 | 183.22 |
| Balance as at March 31 | 334.66 | 278.41 |

Other receivables

Security deposits are interest free deposits given by the company for properties taken on Lease. Provision is taken on a case to case basis depending on circumstances with respect to non recoverability of the amount. The gross carrying amount of Security deposit is ₹ 81.04 million as at 31st March 2020 and ₹ 77.25 million as at 31st March 2019.

Other financial asset includes Loans to subsidiary, claims receivable, Unbilled revenue and other receivables (refer note 7). Provision is made where there is significant increase in credit risk of the asset.

36. Financial risk management objectives and policies (Continued)

Movement in allowance of impairment in respect of other receivables:

| Particulars | March 31, 2020 | March 31, 2019 |
|---------------------------------------|----------------|----------------|
| Balance as at April 01 | 87.25 | 76.39 |
| Amounts written off (Net) | (14.60) | - |
| Net re-measurement of loss allowances | 13.77 | 10.86 |
| Balance as at March 31 | 86.42 | 87.25 |

Liquidity risk

The Company's objective is to maintain a balance between continuity of funding and flexibility through the use of cash credit, working capital demand loan and bank loans. The Company assessed the concentration of risk with respect to re-financing its debt and concluded it to be low. The Company has access to a sufficient variety of sources of funding. The table below provides details regarding the contractual maturities of significant financial liabilities as at March 31, 2020:

| Particulars | On demand | Within 12 months | 1 to 5 years | Above 5 years | Total |
|-----------------------------|-----------|------------------|---------------|---------------|-----------------|
| Trade payables | - | 1,904.06 | - | - | 1,904.06 |
| Other financial liabilities | - | 1,441.18 | 693.97 | 172.75 | 2,307.90 |
| Total | - | 3,345.24 | 693.97 | 172.75 | 4,211.96 |

The table below provides details regarding the contractual maturities of significant financial liabilities as at March 31, 2019:

| Particulars | On demand | Within 12 months | 1 to 5 years | Total |
|-----------------------------|-----------|------------------|--------------|-----------------|
| Trade payables | - | 783.14 | - | 783.14 |
| Other financial liabilities | - | 1,045.93 | - | 1,045.93 |
| Total | - | 1,829.07 | - | 1,829.07 |

Capital management

For the purpose of the Company's capital management, capital includes issued equity capital, securities premium and all other equity reserves attributable to the equity holders of the parent. The primary objective of the Company's capital management is to maximize the shareholder value.

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the Company may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. The Company monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt. The Company includes within net debt, interest bearing loans and borrowings, less cash and cash equivalents. In order to achieve this overall objective, the Company's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements. Breaches in meeting the financial covenants would permit the bank to immediately call loans and borrowings. The Company does not have any loans outstanding as at March 31, 2020. It has taken adequate credit facilities from various banks to maintain its liquidity.

(₹ in million)

36. Financial risk management objectives and policies (Continued)

No changes were made in the objectives, policies or processes for managing capital during the years ended March 31, 2020 and March 31, 2019.

37. Provision for warranty

A provision of ₹ NIL as at March 31, 2020 (March 31, 2019: ₹ 19.56 million) is carried against expected warranty claims on sale of ATM sites and related products as at March 31, 2020. The provision is recognized based on historical experience and expected costs that will be incurred on providing repairs and maintenance services during the warranty period. Assumptions used to calculate the provision for warranty is based on current sales levels and current information available based on the warranty period for the ATM sites and related products sold. The table below gives information about movement in warranty provision during the year ended March 31, 2020 and March 31, 2019.

| Particulars | March 31, 2020 | March 31, 2019 |
|-----------------------------------|----------------|----------------|
| At the beginning of the year | 19.56 | 5.37 |
| Arising during the year | - | 19.61 |
| Utilised/reversed during the year | (19.56) | (6.53) |
| Unwinding of finance cost | - | 1.11 |
| At the end of the year | 0.00 | 19.56 |

38. Operating Segment

Since the segment information as required by Ind AS 108-Operating Segments is provided in consolidated financial statements, the same is not provided in the Company's separate financial statement.

39. Employee Stock Option Schemes

The Company has granted stock options to its employees through its equity settled schemes referred to as Employee Stock Option Scheme 2016, CEO Stock Option Scheme 2016 and Management Scheme 2016. Following are details of the scheme:

| Particulars | Employee Scheme | CEO Scheme | Management Scheme |
|---|-----------------|------------|-------------------|
| Number of options reserved under the scheme | 4,604,444 | 9,866,667 | 1,973,333 |
| Number of option granted under the scheme | 4,175,000 | 9,866,667 | - |

CMS Info Systems Limited

Notes to financial statements (Continued)

as at and for the year ended March 31, 2020

(₹ in million)

39. Employee Stock Option Schemes (Continued)

The vesting period of the grants is as follows:

| Vesting Period | Employee Scheme | | CEO Scheme |
|------------------------------|-----------------|--------------------|------------|
| | Time Based | Performance Based* | Time Based |
| 12 months from date of grant | 25% | 0.00% | 100% |
| 21 months from date of grant | 8.33% | 16.67% | - |
| 33 months from date of grant | 8.33% | 16.67% | - |
| 45 months from date of grant | 8.34% | 16.66% | - |

*For options granted under Employee scheme, 21st month vesting will be based on Company / business unit performance for the second financial year after the financial year in which the options have been granted and so on. The performance condition are assessed as non-market condition.

The vested options can be exercised by the employees only upon happening of liquidity event. In case of listing, being a liquidity event, the vested options can be exercised within 1 year of the date such options are vested in case of employee scheme and within 2 years from date of such options vested in case of CEO scheme. In any other liquidity event, the vested options can be exercised within such period as may be prescribed by the Board in this regard.

The following table summarises the movement in stock options granted during the year:

| Particulars | March 31, 2020 | | March 31, 2019 | |
|--|------------------|------------------|------------------|------------------|
| | Employee Scheme | CEO Scheme | Employee scheme | CEO Scheme |
| Outstanding at the beginning of the year | 3,809,409 | 9,866,667 | 4,050,000 | 9,866,667 |
| Granted during the period | 125,000 | - | - | - |
| Forfeited / cancelled during the period | (378,659) | - | (240,591) | - |
| Exercised during the period | - | - | - | - |
| Expired during the period | - | - | - | - |
| Outstanding at the end of the year | 3,555,750 | 9,866,667 | 3,809,409 | 9,866,667 |
| Weighted average exercise price of options (in ₹) : | | | | |
| Outstanding at the beginning of the year | 125 | 123 | 125 | 123 |
| Granted during the year | - | - | - | - |
| Outstanding at the end of the year | 125 | 123 | 125 | 123 |
| Exercisable at the end of the year | - | - | - | - |
| Weighted average remaining contractual life (in years) | 0.07 | - | 0.42 | - |
| Weighted average fair value of options granted during the period / year (in ₹) | - | - | - | - |

CMS Info Systems Limited

Notes to financial statements (Continued)

as at and for the year ended March 31, 2020

(₹ in million)

39. Employee Stock Option Schemes (Continued)

The Company has used Black Scholes option pricing model. The following tables list the inputs to the models used for the both Employee and CEO plans

| Particulars | Assumptions | |
|--|----------------|----------------|
| | March 31, 2020 | March 31, 2019 |
| Dividend yield (%) | 0% | 0% |
| Expected volatility (%) | 25% - 29% | 25% - 29% |
| Risk-free interest rate (%) | 6% | 6% |
| Expected life of share options (years) | 3.7 years | 3.7 years |
| Weighted average fair value per share (in ₹) | 143 | 143 |

The expected life of the share options is based on current expectations and is not necessarily indicative of exercise patterns that may occur. The expected volatility reflects the assumption that the historical volatility over a period similar to the life of the options is indicative of future trends, which may not necessarily be the actual outcome. The historical volatility is based on price volatility of listed companies in same or similar industry. The company has allotted employee stock options to some of its employees through its Employee Stock Option Scheme. Over the years, 619,250 stock options has expired and lapsed on account of employees left the organization and accordingly reversal on account of same is recognised in the profit and loss account aggregating to ₹14.61 million. The Company has recognized ₹8.96 million, (March 31, 2019 – ₹ 25.16) as employee benefit expense in relation to all the active options outstanding as at March 31, 2020.

40. Agreement between Promoters and CEO

On September 26th, 2017, Vault Co-Investment Vehicle L.P. ("Vault L.P."), a limited liability partnership incorporated in the Cayman Islands and controlled by Barings Private Equity Asia GP VI Limited, the ultimate promoter of SION Investment Holdings Pte. Limited ("Sion"), the holding company, entered into an agreement with Chief Executive Officer of the Company (CEO) pursuant to which, the CEO was granted options under the stock option plan of Vault L.P. These options vested immediately to entitle base units in Vault L.P. to the extent of amount equivalent to 0.61% of the value of the Company for a consideration equivalent to such value of the Company as per the terms and conditions of the agreement. As per the plan, the base units are entitled for upward adjustment subject to fulfilment of certain market and service conditions.

Upon redemption of base or adjusted base units, CEO will receive from Vault L.P., an amount equivalent to value of the Company vis-vis such units at the time of sale of Sion's shareholding in the Company subject to certain conditions set out in the agreement.

Since the option granted to CEO is for the services rendered to the Company, the Option has been valued considering the various probable scenarios and using specific assumptions relating to expected volatility and risk free return. The total charge over the period of vesting estimated is Rs. 70.20 million. The charge recognized during the current year is ₹ 15.69 million (March 31, 2019: ₹ 15.69 million)

41. List of entities controlled by the Company are:

| Sr. No | Name of Company / trust | Country of incorporation | Percentage of ownership interest and voting rights as at | |
|--------|--|--------------------------|--|----------------|
| | | | March 31, 2020 | March 31, 2019 |
| 1 | Securitrans India Private Limited ('SIPL') | India | 100 | 100 |
| 2 | CMS Securitas Limited ('CSL') | India | 100 | 100 |
| 3 | CMS Marshall Limited ('CML') | India | 100 | 100 |
| 4 | Quality Logistics Services Private Limited | India | 100 | 100 |
| 5 | CMS Securitas Employees Welfare Trust | India | 100 | 100 |

The investments in the subsidiaries are accounted for at cost in the standalone financial statements.

42. Advances recoverable from Selling Shareholder:

During financial year 2017-18 the Company had incurred the IPO related expenses amounting to ₹ 88.17 million which was shown as recoverable from the selling shareholders and classified as advances recoverable in kind or value to be received. The reimbursement was proposed to be deducted from the sale proceeds of shares to be sold and the net amount would be given to the selling shareholder.

During the current year, Company has written off this recoverable, as the IPO plan is shelved for the near future.

43. Ind AS 115 Revenue from Contracts with Customers

Sale of Product

The Company applies practical expedient in paragraph 121 of IND AS 115 for all contract entered for sale of product and does not disclose information about remaining performance obligation that have original expected duration of one year or less.

Revenue for services

The Company applies practical expedient in paragraph 121 of IND AS 115 for all contract entered for revenue from services, whereby it has right to receive consideration from a customer in an amount that corresponds directly with the value to the customer of the entity's performance completed to date. Hence the Company does not disclose information of remaining performance obligation of such contracts.

Disaggregation of revenue from contract with customers

Revenue from sale of goods is recognised at point in time when control of the products being sold is transferred to our customer and Revenue from services is recognised over time as and when services are rendered. Revenue from contracts with customers is disaggregated by primary business units as given in the note 18.
